QUESTION AND ANSWER

1. **Q.** [IFB Technical Specifications, Item 10, Sate Water Piping Impressed Current System Renewal] Page 7, lines 18-20.
- The note after Item 10.K requires that “All cabling requirements, procedures, and installation shall meet the requirements for cabling as set forth in Attachment No. 2, WSF Dwg. No. 8201-652-059-01, Titled, M.V. Hyak, Potable Water Vent Modifications of this Specification.” This Drawing does not contain any cabling requirements. What are the proper requirements referred to in this note? Do these requirements modify the cable types called out for the new cables shown on Sketches 001, 002 & 003? Please advise.
- A.** Please see revision to the IFB Technical Specifications and the Attachments to the Technical Specifications documents in this IFB Addendum.
